

Ripple Parish Council

Risk Strategy and Management Policy

Adopted on 19th February 2024

Reviewed 19th May 2025

Next Schedules Review at the Annual Meeting May 26

Introduction

Risk management is a structured approach to managing known, and perceived threats, (for example, cuts at Borough and County level which may reduce local services). It closely relates to a Council's ongoing activities and flows from regular assessment of risk, for Parish Councils this may be described as risk awareness & engagement.

It is recommended that Ripple Parish Council and its Parish Clerk & Responsible Financial Officer manage risks to Ripple on an ongoing basis within its vicinity by:

- identifying risks to the parish and parishioners
- developing strategies to manage, and alleviate these risks
- working in partnership with the community using its resources
- working with others outside its boundaries who share its interests and aims

A Structured Approach

The Council's approach to risk management starts at the beginning of each business year. By setting aside time to review its business and strategies the Council will gain a clear view of its priorities, and revisit its objectives and how they are to be managed. This has the advantage of developing clear roles that will help the Council effectively use its powers and duties for the benefit of the community.

Risk Management Assessments

When the need is identified in year risk management assessments may be carried out by the lead Councillor(s) with the assistance of the Clerk as required. For example, when there is new housing development in the parish assessing new play areas for children, and their ongoing safety.

Consideration by the Council

The Council as the decision-making body resolves issues and makes decisions by consensus following constructive engagement and thought by all its members.

To assist Councillors to act as a corporate body several basic requirements need to be in place, including early referral of projects with:

- Answers to key questions - Why? What? When?
 - o Community benefit? *(should be clearly established)*
 - o Consequences? *(if not done now, or in future)*
 - o Cost/benefit ratio? *(benefit must outweigh cost)*
 - o Comparison with other projects? (order of priority)
- Specialist Advice -
 - o Health & Safety, Legal, Resources, Facility Management, trees, footpaths etc.
- Up to date reports - s
 - o showing progress, latest and planned expenditure on current projects
 - o significant projects (over £500.00) planned over next three to five years by programme, e.g. village works, bus shelters etc

Action by Working Party

Where this applies this is driven by a clear programme of work delegated by the Council and monitored by ongoing monthly progress reports to the Council.

Business Item	Risk	Level of Risk High/Medium/Low	Alleviation of Risk by Ripple Parish Council	Ongoing Review
Council				
Declaration of Interest	Debating and voting on issues without declaring a personal interest	M	Chairman will prompt at meetings by asking if anyone had an interest to declare	Register of Interest Review
